Your brand ...Their story!

How it works:

- 1** Using simple point-and-click tools, your representatives can choose from a variety of your company's branded templates ... brochures, party invites, postcards, business cards, new product introductions and more!

- 2** They can personalize their template by:
- Uploading and adding their own photo and information
 - Selecting the products they want to include in the piece from the Product Image Library

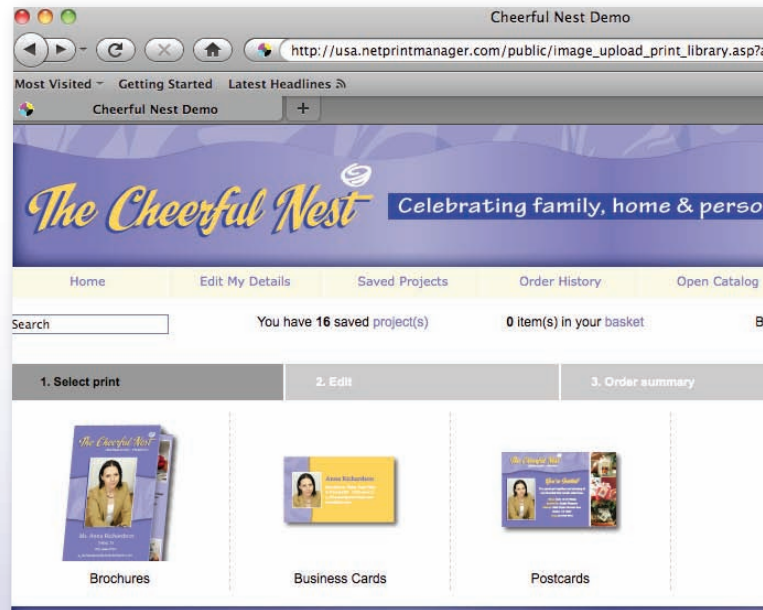

- 3** When they are finished personalizing, they can go to their shopping cart and complete the order.

MyBrandDirect image-personalized tools enable your representatives to mix and match products to suit their personal sales goals and marketing needs. We work with you to design templates based on your approved branding, logos, fonts and product images. Consultants get to personalize their marketing materials. You get to have control over your brand image. It's the best of both worlds!

- FEATURES AND BENEFITS:
- Image-personalization that helps build their business and sells products!
 - Easy-to-use, 24/7 online access
 - Professional, high quality printing-on-demand with no inventory!
 - Tight control over brand consistency
 - "Always Current" marketing tools with the click of a mouse
